Cross-Boundary Shrimp Negotiations

Moved by: James Eetoolook

Seconded by: Jack Anawak

WHEREAS, In March, 2010 the Canadian Association of Prawn Producers (CAPP) formally submitted a proposal to the Federal Government Department of Fisheries and Oceans (DFO) for a reduction to the shrimp (P. Montagu) quota in the Shrimp Fishing Area (SFA) 2. CAPP also proposed boundary changes for SFA 0-3.

AND WHEREAS, In November, 2010 DFO hosted a meeting to discuss and dialogue on northern shrimp, more specifically, CAPP's proposal with northern stakeholders and the Nunavut Wildlife Management Board (NWMB). During the discussions NWMB communicated that they would not be reviewing any new management changes by DFO until a formalized, negotiated sharing arrangement was agreed to between NTI and Makivik, as SFA 3 is located in both the Nunavut and Nunavik Land Claim Areas.

AND WHEREAS, Makivik has communicated that they currently have a mandate to initiate the negotiation process for a sharing arrangement with NTI.

NOW THEREFORE BE IT RESOLVED THAT, NTI staff is provided the mandate to initiate the negotiation process for a sharing arrangement with Nunavik regarding the

shrimp allocation quota for SFA 3, with any final agreement to be approved by the Board.
